

## **SUPERSTARS HOLIDAY CLUB**

### **USE OF TOILET POLICY**

Superstars Holiday Club where possible have toilets away from the general public.

Children are taken to area outside the toilet areas, and must go in on their own (the same sex toilets, with same sex other children) toilets.

In the toilets are used by the general public make sure the area is reasonable safe i.e. no one undressing, no one of the opposite sex unless under 8 year old.

Make sure on each break children are offered the toilet at the end of the session and the beginning. Take into account that younger children must not go to the toileting area unaccompanied.

Any issues report to the supervisor of the Superstars Holiday Club
